

## Civilization psychoanalysis

The psychoanalysis of the mediterranean group  
is the great recite  
proportional to a former quantifier  
reflected for derogate the food habits  
as to be separate from animals  
involving the anthropomorphic volume  
of a matriarchal space  
by the trance of sounds and languages  
to broadcast the forthcoming loss  
of an incestuous desire  
into a collective unconscious  
registered as the emerged psyche  
of an ethnic feature  
opening like a blank letup of the artefact  
an instinctual search of the time fatherhood.
