

Sale the man

A strategy for the cultural person of the west
and for her relationship with the east
could be the Trimesgistus background
and the time of an Aion Hermes
with the indo European substrate
such the protocol of a certified copy
for the former representative of an unique sovereignty
similar to the exceeded expression of its current existence
acting the reciprocity of exchanges
to a common code of image roots
with prior agreements of the historical flow
having registered their contexts by work of men
like main references of the time on their soul
able to pursuit an art of the transgression of the laws
by the experience of a favour
on the alienation of individual rights.
