

Graecia capta ferum

The role of Ligue de la civilisation
is to make the decay of existential landmarks
the precious pragmatism of an image tradition
able to register time like the aestheticism of a perfect one
by divers cabinets
medical
of emotion
of anthropology
of philology
showing the past resonance
that gives an access
to the universalism of a decorative imaginary
for help the viewer
to realize an existent rule
of the image metamorphosis into reality
gathering energies by the space experience
of an indo European animism
for contribute to an epic adventure of the art of the soul
that furthers easier exchanges of social life
printed throughout succeeded artworks.
